Bettina Katsaros is in dire need of financial assistance to help with expenses associated with his deteriorating medical condition. She had a double mastectomy and is fighting breast cancer. She is a single mother of 9 year old Zoe in Orange, California...she is literally living hand to mouth with no income. She has no support system, other than the Pan Icarian Brotherhood through all of it's chapters for basic medical and living expenses.

The fundraiser is an urgent medical appeal from the Pan Icarian Foundation.

**Please bring your checkbook !**

The Pan Icarian Foundation is registered with the IRS as a 501 (c) 3 organization. Your donations are tax deductible.

**We thank you in advance for your generosity**
